Dear Mr. Dabelstein:

We are pleased to confirm your report of reception of KPOW. We were on the air for frequency check purposes. It is a monthly schedule that we keep with a monitoring station in Lee's Summit, Missouri.

I am sorry, but we don't seem to have any coverage maps around. Here's what we cover: We reach out over Northern Wyoming and Southern Montana. We have a directional pattern at night during our regular broadcasting period. We also drop our power at night from 5 kw to 1 kw.

That's about all I can give you for this time. We hope to hear from you and NRC again sometime. Thanks again for the report.

Yours truly,

Charles Pitts
