Mr. Carl Dabelstein
12524 "C" Street
Omaha 44, Nebraska

Dear Mr. Dabelstein:

We received your notice in the mail relative to picking up our station June 11, 1963. We appreciate hearing from members of the National Radio Club and of course are interested to know that you are able to hear KRAL in Omaha. This is a Frequency check which is made periodically, with commercial radio monitoring, Lee Summit Missouri.

We do this to check the frequency of our Radio Station. Also note that you would appreciate one of our coverage maps and we would be most happy to mail you one, if they were available. However, this is one of the items not yet printed since taking over ownership and management of this station October 15, 1962.

Yours very truly,

Don Hoffman
Manager
