Dear Mr. Dabelstein:

This is to confirm your letter of our station testing on the air which you report as having heard on June 27, 1962.

We have received a number of reports of having heard us on the air...and it is interesting to know they come from so far away.

We are a new station, having been on the air only since March 18, 1962

We are an independent station, and our programming is music, news, and sports.

We operate on 930 kc...1000 watts...and are a daytime station.

If you should come out this way...stop in...we shall be most happy to show you around.

Thank you for your letter.

Sincerely yours,
