

6/21/90

Carl Dabelstein
9404 Santa Fe Lane
Overland Park, KS 66212

Dear Carl,

Thanks for letting us know about your reception of our station. When we increased our power from 3000 to 50,000 watts in early May, we never expected it to take us to Kansas!

It was nice to hear from you and know that by some twist of air waves, we can cover the country. And I hope you can keep on listening!

Very Truly Yours,

Judy Davis
General Sales Manager
