Dear Carl,

This communication is to verify your reported reception of WHVE-FM on June 18. This, indeed, has been an unusual year for radio reception... and such promises to continue at least thru this Winter.

WHVE (The Wave) is a Class C station with an 8 bay ERI antenna atop our new tower which is 1749 MSL, 1667 AGL. We operate from studios in St. Petersburg and serve the Tampa Bay and Suncoast area.

Thanks for your interest in our station.

Very truly yours,

A handwritten signature in black ink, appearing to read "Ron", is written above the typed name.
