Mr. Carl W. Dabelstein

Dear Carl:

This letter is to confirm your reception report of June 18, 1989, from the period of 12:00pm through 12:02pm EDST.

Upon reviewing our programming and technical operating logs, we found your information to be exact. In fact, your noting the slogans and board operator match our programming records during that time.

If you ever find that you are able to receive WIVY-FM or any other Jacksonville FM broadcast station in the future, I would like to know what differences you detect in signal strength. As always we appreciate any reception reports we receive, particularly from the "rare DX" locations such as yours.

73, and the best of DX!

Sincerely,

Paul B. Christensen
Chief Engineer
