Dear Carl:

Paul Wolf, WKZY's Chief Engineer showed me a copy of your letter dated "July 18th" in which you heard the station. There is no question you heard right, inasmuch as the station does:

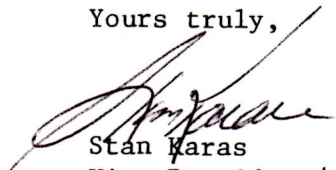

Identifies its self as

WKZY-92.1 FM, Kozy Country

Does program Country music.

And a bumper sticker is enclosed. Thanks for the letter, and keep listening.

Yours truly,

Stan Karas  
Vice President/General Manager
