Dear Mr. Dabelstein:

Thank you for responding after listening to WMCU on July 17, 1987. There must have been a wide open FM window that day as we have received letters from a number of FM DXers from other states and even Canada.

The programming you mentioned did indeed occur on WMCU at that time on July 17th. It's good to know that even people in Kansas can hear God's good news of redemption over this radio station. If you have never taken the time to study the truths of what God has to say about your life, I recommend you read through the Gospel of John, 4th book in the New Testament. I did that years ago and have not been the same since.

In Christ's Service,

Glen G. Velker  
WMCU Station Manager
