Carl W. Dabelstein
8209 West 78th St.
Overland Park, KS 66204

Dear Mr. Dabelstein:

Wow! Dorothy and Toto-land! Never did we ever think that boosting our power to 100,000 watts last year would beam us up in Kansas, but miracles never cease to amaze when it comes to transmission skip. In fact, we recently received a similar letter from someone in Canada.

For your information, Classic 89, WQCS-FM is a public radio station broadcasting news/public affairs and classical music. We are located on the east coast of Florida, serving the four counties of St. Lucie, Martin, Indian River and Okeechobee. We are licensed to the community college.

Enclosed is our monthly program guide describing the types of music we provide and some information on the station. We hope you enjoy looking through it.

Thanks for letting us know you received the signal. It's great to hear about the wonders of E-skip.

Sincerely,

Adrienne Moore
Public Relations/Development Specialist

Mike Kerley
Chief Engineer
