Dear Mr. Dabelstein:

Please consider this letter as verification of your reception report dated June 5, 1973.

WQXM broadcasts "Stereo for Beautiful People" for the entire Florida west coast.

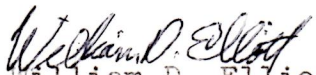

We operate with 100,000 watts radiated horizontally and 100,000 watts radiated vertically from a 505 foot tower.

We have been the Tampa Bay area's number one rated frequency modulation voice for the past three and one half years and hope to continue our people pleasing entertainment for years to come.

I sincerely hope you enjoyed your brief listen to us and hope you tune us in whenever conditions warrant.

Thank you very much for your listener report, it certainly made our day around here more encouraging!

Sincerely,

  
William D. Elliott,  
Chief Engineer
