Overland Park, Ks. 66204

Dear Carl:

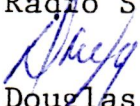

You are exactly right on your report. I told my sponsors that when the disc jockeys open their mouths, they never know who's listening!

Our FM station is 100,000 watts on a 200 ft. tower. During the time you were listening, we were duplicating with our AM station, a 5000 watt daytimer on 1300 KC. We operate 18 hours a day on FM with a Harris 20 K transmitter. We have an application with the FCC for a new 620 ft. tower.

If you're ever in this neck of the woods, please stop in to see us. We are 63 miles north of Tallahassee, Florida and 200 miles south of Atlanta, Georgia.

Sincerely,

Radio Station WMTM
