Mr. Carl Dabelstein
12524 "C" Street
Omaha 44, Nebraska

Dear Mr. Dabelstein:

Thank you for your recent report on the reception of our signal. We have compared your report with our log and it is correct. This letter, therefore, will serve to verify your reception.

We are grateful for your report as it justifies some of the midnight oil we have been burning on the rig. We have only recently purchased the station and it is now under entirely new management, with a complete overhaul of the equipment. Perhaps some of the extra work has been worthwhile.

Thanks again for your report and best wishes for more and better DXing.

Sincerely,

KDMI-FM BROADCASTING CO.
