

April 24, 1989

Dear Mr. Dabelstein,

I am writing in reply to the letter we received from you in November of 1987...to let us know that you had received the signal of our FM side KLRZ in Kansas.

This letter is verification that you did pick up our station KLRZ-FM on November 27, 1987 from 12:50 to 1:00 in Kansas. The programs, the announcer and the commercials were all correct according to our stations program logs.

Thank you for taking the time to let us know that you picked us up. I will keep your name on file and send you any station souvenirs we might get in.

Again, thank you for your time. I apologize for the delay in sending you this verification.

Thank you.

Sincerely yours,

Russ Bickle
KLRZ Chief Engineer
