Dear Mr. Dabelstein:

Thank you so very much for your good letter of August 4. It was very good to hear from you.

Yes, your letter reporting the items and announcements on KTFC are correct.

We hear from Omaha occasionally. On Friday night when we were broadcasting from Arnold Park, Iowa (remote) we had a telephone call from Omaha saying that the program was coming in very well.

The Omaha Gospel Tabernacle have a program on KTFC and I believe that a good number in the church there here KTFC.

If you are ever in Sioux City, we invite you to visit the facilities here. We began broadcasting on November 11, 1965. We are building additional studios and thus the engineer is more than busy these days and that is the reason for my answering your letter rather than him.

You might be interested to know that we have heard from a gentleman in Duluth who says he hears us regularly - he has a terrific set and antenna though. We also heard the other day from Broomfield, Colorado (a suburb of Denver).

Thanks again for your letter!
