January 10, 1990

Carl,

Thanks for the letter. Sorry, This letter is so late. Each fall and winter, the radio station employees are very busy getting advertising so we confirm letters and take care of other matters after the first of the year.

According to the information you sent us, everything seems to be correct. We are located at 100.9 Mhz and we use the slogan "we got your country covered."

Thanks for tuning us in!

KCLY
