

Carl W. Dabelstein  
KOSBV  
8209 West 78th Street  
Overland Park, KS 66204

Dear Sir:

Thank you for your report of reception of our facility, KQLA/  
Q-104. Q-104 broadcasts at 103.9 MhZ at 3.5 KW from a 300 ft.  
tower on top of Manhattan's Stag Hill.

Q-104 signed on for operation February 14, 1986 as a Contemporary  
Hit Music Station serving the Manhattan/Junction City/Ft. Riley  
area. In the past year we have taken over the market place and  
set a new standard for broadcasting in the area.

Reception reports from the Kansas City area have in the past only  
come from Q-104 employees after KNZA signs off the air.

Enclosed you will find station bumper stickers and a station  
profile used for sales purposes.

Again thank you for your reception report and happy DXing.

Sincerely,

Kevin Wagner  
KQLA Program Director
