Dear Mr. Dabelstein:

This will confirm your reception of WLYT on June 13, 1987 at 6:49 PM E.D.T. Your report is not detailed enough to verify by the station's program log of that day, however, the detail of the ID liners and the fact we have received other reports on that day convince me it is substantially correct.

Thank you for your report.

Cordially,

William A. Gould
Station Manager
