Dear Carl,

This is in response to your letter of July 14, 1987  
in regards to reception of WJPD Radio.

Our engineer only works on a part time basis and is  
currently out of town. I am not sure when he will be  
returning, so thought I would answer your letter.

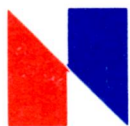

In checking our programming log, I find that your report  
is correct.

We are located in the Upper Peninsula of Michigan near  
Lake Superior....a long way from Overland Park. We are  
the home of the National Ski Hall of Fame, and Northern  
Michigan University located in nearby Marquette. Northern  
Michigan is also a training site for the U.S. Olympic Teams.  
By the way, we usually get around 300 inches or more of  
snow a year....probably just a few inches more than you are  
accustomed to.

Hope this confirms your reception and answers your questions.

Sincerely, ,
