Dear Mr. Dabelstein:

This will confirm your reception of WOOD-FM on June 26, 1964. According to my records and files you are the person farthest away who has picked up our FM signal. I'm delighted you were able to receive us and certainly hope that if you are able to pick up our signal with any great regularity, you would be kind enough to inform me. Again, many thanks for your letter.

Cordially yours,

Clark Grant
