June 22, 1987

Carl W. Dabelstein
8209 West 78th Street
Overland Park, KS 66204

Dear Mr. Dabelstein:

In reference to your note of June 8, I checked with my newsroom and verified your reception of KBIA. The timings you noted, as well as the personalities were 100 percent accurate.

For your files, KBIA does operate at 91.3, with 100,000 watts of power, and has a normal listening range of about 60 miles.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Michael W. Dunn'.

Michael W. Dunn, Ph.D.
General Manager, KBIA
