KDHX-FM St. Louis

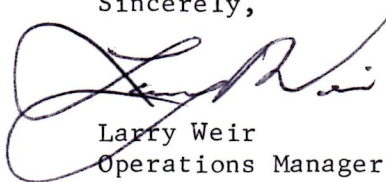

July 12, 1988

Dear Mr. Dabelstein:

Thank you for your recent letter informing us of your reception of KDHX in the Kansas City area. Your report is indeed correct; you were listening to "The St. Louis Brain Sandwich" with Jim Findlay and Jay Schober.

We are a new non-commercial station serving the community, and have only been on the air since October 14, 1987, broadcasting at 43,000 watts. Thanks for your interest; feel free to stop by our studios next time you are in St. Louis.

Sincerely,

Larry Weir
Operations Manager
