

February 11, 1972

Dear Mr. Dabelstein:

I am sorry to be so long in answering your inquiry.

Most of our station logs prior to 1967 are stored in the attic, and I thought I would have time to search through the boxes (and boxes) to see if I could find the logs for 1964, but have not had an opportunity to do so. We are not required to keep logs back that many years, but I felt that KXTR's records in the attic probably went back that far.

In all probability it was our station that you received and that the items you had listed were correct. We are the only station, as far as I know, who has carried all-night jazz, and at one time Tivol Jewelry did advertising with us.

This is the best information that I can provide you.

Sincerely,

*Ruth D. Bruch*
