Dear Carl:

Thank you for your reception report of our FM facility, KPQX, on July 17, 1987. I am most please to inform you that the information you provided is quite accurate and it is most evident that you did receive KPQX.

I have had several of these reports lately so it appears that conditions in the upper atmosphere are somewhat unsettled.

Enclosed please find some promotional items and again, thanks for your report.

Sincerely,

Rob Yaw,
Chief Engineer
