Dear Mr. Dabelstein:

This is to verify your reception report of our station on July 1, 1972 from 9:27 P.M. to 9:29 P.M. Central Daylight Time on 91.3 Mcs.

We are using a Gates 20KW transmitter with 18.6 effective radiated power utilizing circular polarization. Antenna height is 1,745'.

Thank you for sending this report. I am always interested in hearing of reception from such distant areas.

Yours truly,

Charles J. Mellone
