Dear Carl,

What a surprise to hear from someone as far away from our listening area as yourself! Yes, you are correct in your listing of reception details for that time and date. We ran IMS news from 12:35 pm EST and WFRW Reports from 12:40 - 12:45. The name Mark Hill does not correspond, however, and must have been misunderstood given poor reception. You are close, though, as my name was used in that program intro Steve MARSILLE, pronounced mar-sill, easily heard as Mark Hill. I hope this is of help to you.

Sincerely,

A handwritten signature in black ink that reads 'Steve M.' with a stylized flourish at the end.
