September 6, 1987

Carl W. Dabelstein
8209 West 78th Street
Overland Park, Kansas 66204

Dear Carl:

I am writing to confirm your reception of WJYE at 96.1 Mhz. WJYE started broadcasting on November 11, 1967 as WBNY. WJYE was chosen about five years ago to get away from the WB__ syndrome and it worked forcing the station to # 1! WJYE has an ERP of 150,000 watts emanating from the top of the Rand Building in downtown Buffalo.

There must have been some E-skip or something to allow such reception in your area.

Thanks for the letter and write if you receive us again!

Sincerely,

E. Michael Brydalski
S&B Communications
