

# BX-93 COUNTRY FM RADIO

July 22, 1987

Mr. Carl Dabelstein  
8209 West 78th Street  
Overland Park, KS  
USA 66204

Dear Mr. Dabelstein:

Thank you for your QSL letter of BX-93 on July 17, 1987. I am pleased to confirm that it was our station. The lady doing the news that afternoon was Leah Hansen.

BX-93 is a 50,000 watt station with a 400 foot tower located about 10 miles east of London. The format is contemporary country. We also have a sister station CJBK. It is on 1290 AM and is 10,000 watts with a contemporary rock format.

As you probably know, this type of skip is quite rare, and we appreciate hearing from you. Thank you for taking the time to write.

Sincerely,

Ken Hudson  
Assistant Engineer
