Dear Carl,

I'm trying to answer your recent reception report a little quicker than the previous one.

Your description of the reception content is correct for KIVY-FM-92.7 on the evening of June 28, 1990.

I don't get too many reports on the FM and I'm happy you were able to catch it in Kansas.

Too bad we can't expand our coverage to that distance on a regular basis.

Thanks for the report and good luck on your search for other distant stations.

Sincerely,

Jim Gibbs
Owner/manager

PS: I'm returning your stamp for another day.
