Good to see you DX'ers hard at work. Yes I can confirm your reception at 10:30 Mountain time. Just an interesting note concerning your reception, it being the farthest recorded in the four years that I have been working for KZOL 96.1 Mhz. Thanks for your letter and your interest,

Sincerely,

A handwritten signature in black ink, appearing to read "Maui M. Chai", is written over a faint, light blue circular stamp. The signature is fluid and cursive.
