Dear Mr. Dabelstein,

Its great to have a listener such as yourself from so far away. This must be some sort of record for FM skip.

WIAV were the original calls for this frequency but was changed in January 1989 to WKS₁V. New management took over the station on May 12 1989 which is why we refer to it as being "the new 96.1".

Sincerely

Ray P. Fowler
