Dear Mr. Dabelstein:

Thank you for your reception report of June 26, 1964. The information you gave in your report indicates that it was our station which you received.

WRVB-FM is owned and operated by Paul A. Stewart Enterprises, Inc. and operates at 102.5MC with an effective radiated power of 7,400 watts. Our tower is 340 in height...440 above average ground level.

We have received reports rather regularly from Western Michigan and from Eastern Iowa as well as Northern Illinois. However, you're the farthest to report.

Sincerely,

Don LaRose
