Dear Mr. Dabelstein:

Well, I think we can verify your reception of KOOK-TV, full power channel 2 in Billings, Montana, on July 3. As you said, your information was skimpy, but we do have an ID slide that looks quite a bit like your drawing (an artist you ain't!), and we did run the Doris Day Show right after that.

We'll have to tell those other stations to stop interfering in our territory, which stretches from New York to San Francisco this summer.

You may be able to pick up your old neighbor, Carl Mann, on KOMA some night. He's been there several years now--was taken by a fit of "itchy foot" after his return here from the service. I think he's their night man, anyway.

Sincerely,

J. R. Middleton  
Chief Engineer

JRM/dc

P.S.: You'll notice that while you're still Dxing, I'm still engineering at KOOK!
