3300 North 56th St.
Lincoln, Nebraska 68507

Dear Carl:

This will confirm your reception report, as stated, of our signal and programming on June 6, 1973. I might add that your report is probably one of the most distant that we have received. Another report from your part of the country was recieved for July 2, 1972 during noontime EDT., at Des Lacs, N.D.

We appreciate and enjoy receiving reports of this nature. Happy DXing!

Sincerely yours,

Carl C. Egolf
Chief Engineer
