Mendota, Ill.  
March 30, 1965.

Mr. Ben. Dangerfield 3rd,  
Chester, Penna.

Dear Mr. Dangerfield:

The Staff and management of Radio Station W G L C here in Mandota, Ill. wishes to thank you for your very nice reception report of WGLC's signal during its Equipment test of Monday morning Feb 22, 1965.

This will verify that you did hear WGLC 1090 K/cs from 2:10- till 2:27 a.m. CST. Your report is correct in every detail.

We received 60 reports from the test, from several States and Canada. WGLC was very happy to put on this test and glad so many heard it. Sorry to be so long in answering the reports but have been very busy.

Most of our reports were from the East Coast, only one report came from West of the Mississippi due to a Mexican. the report came from Omaha Nebr.

Hoping that this will be sufficient for your files.

Mendota, Ill. is located 85 miles West of Chicago Ill. WGLC has been on the air since Sept, 1, 1964. it is day time station only with 250 Watts. Our Xmtr is located 2 miles West of town on Route 51.

Again thanking you for listening. Best in your hobby of DX.

73's.

Regards

Roy Ambrose

Mgr- Radio WGLC.
