Mr. Dangerfield;

I am very pleased about receiving your report of reception of our station. According to my logs, your report is correct.

I have a file of all reception reports, their dates and times of reception, and by whom. I am pleased to add your report to my file.

We test for Frequency Measurement each third monday ~~XXXX~~ morning from 3:00AM - 3:15AM on 1400 KC.

We operate with 250 watts, using a Gates BC-250-GY Transmitter with a 125ft. series-excited, non-directional antenna.

Yours Very Truly,

J. Banks Donaldson
