Benjamin Dangerfield, 3d
202 Governor's Drive
Sproul Estates, Chester, Pa.

Dear Mr. Dangerfield:

This is to confirm your reception of a broadcast from AFRS,
Ramey Air Force Base, Puerto Rico on 9 Nov 64.

Please excuse the informal way of replying. But this will
save time...we operate a full-time radio station and television
station with only six men, so we're always pressed.

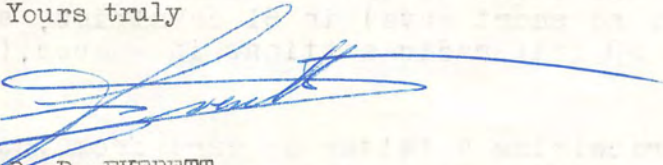

I was the announcer on the broadcast you received. The
six seconds past six minutes past six is sort of a trade mark.

AFRS operates on 780 KC with only 50 watts.

Close of the news was "News was compiled from the wires
of United Press International in the AFRS newsroom...Lieutenant
Bob Everett reporting."

Nice to have a listener 'way up in Pennsylvania...

Yours truly

R. P. EVERETT
1Lt, USAF
Officer-in-Charge, AFRS
