Dear Listener,

Thank you very much for your letter of January 8, 1962, and for sending us the reception report for one of our Prague radio stations - Praha I. Your report is quite in order, and by separate mail we are sending you a Radio Prague QSL card confirming it.

We enclose a Fall-Winter broadcast schedule for our short wave transmissions in English to North America, and we hope that you will have the opportunity to send us reception reports for these programs too. They are always welcome, as well as your comments on the program contents.

We would like to call your attention to the special offer made in the schedule - a Czechoslovak souvenir will be sent to every listener whose questions about Czechoslovakia are answered over the air. Questions are selected on the basis of general interest and of originality. So, why not send us your questions too - perhaps they will win you a prize!

Thank you again for the reception report. We look forward to hearing from you again soon, and we wish you Good Listening!

Sincerely yours,

Martha Trojanová
