Dear Sir,

Thank you for your letter of 19th October.

We are interested to note that you received one of our medium wave transmissions in Chester; as you suggest, this probably originated at Crowborough. Although, of course, these transmissions are not intended for reception at great distances many listeners in your part of the world do report having picked them up.

We are pleased to send you our acknowledgment card and some information about our Overseas Services and shall always be pleased to hear from you again.

Yours faithfully,

(Miss V. R. Pressman)
