### In Holland

there are the following leading broadcasting corporations:  
**Algemene Vereniging 'Radio Omroep' (AVRO)**, Neutral.  
**Katholieke Radio Omroep (KRO)**, Roman Catholic.  
**Nederlandse Christelijke Radio Vereniging (NCRV)**,  
 Orthodox Protestant.  
**Omroepvereniging Vara (VARA)**, Socialist.  
**Vrijzinnig Protestantse Radio Omroep (VPRO)**,  
 Liberal Protestant.

Besides these corporations there is the Stichting Nederlandse Radio Unie, an organization which may be seen as the common link between the above mentioned private companies. The technical execution of all broadcasts is performed by the NRU.

The picture above gives you an impression of the situation of the AM-transmitting station Lopik amidst the Dutch meadows. The two self-radiating aerial-masts are some 200 metres high. At the right the new FM-radio- and television tower at Lopik. Height 350 metres.
