Dear Mr. Dangerfield:

Your kind letter accompanying your reception report touched all of us here in the Vatican Radio. We have received so many letters from members of every Christian denomination sympathising with us on the death of our late beloved Holy Father and they have all been such a consolation. Thank you very much indeed.

We are all praying that our new Pope will continue and expand the good work for which Pope John so heroically offered up his life.

With kindest regards and all good wishes,

I am

Sincerely yours in Christ

Thomas J. O'Donnell S.J.

Director of English Language Programs.
