Dear Sir,

We thank you very much for your letter dated feb. 1st 1961, reporting the reception of a station on 820 kcs.

This station was indeed Radio Apintie, and a few months ago we changed our broadcast frequency from 840 kcs to 820 kcs.

The language which sounded like chinese, was Hindustani.

We thank you very much for reporting the reception of our station.

Very truly Yours

E. Vervuurt
Gen. Manager
