DAILY, SUNDAY, TRI-WEEKLY

JOHN S. COHEN
PRESIDENT AND EDITOR

JOHN PASCHALL, MANAGING EDITOR

HARLEE BRANCH, CITY EDITOR

ATLANTA, GA.

August 4, 1922.

Mr. Clarence Draving,
636 River St.,
Piqua, Ohio.

Dear Mr. Draving:

We want to thank you for your kindness in reporting that you have heard WSB in Piqua, and we are enclosing a folder which we hope will give you any information you may desire concerning our equipment and schedules.

Our new Western Electric plant first got into the air on June 13, last, and the list of states that have heard us now stands at thirty-six, with Canada, Nova Scotia and Cuba added.

We are thankful for the hundreds of good friends we have made at home and in distant parts of America and hope you will believe, Mr. Draving, that encouragement like you have given us helps immensely in inspiring us to greater effort toward improving our service to the public.

With best wishes for your continued success in operating your set and hoping to deserve further word from you sometime, we are,

Heartily yours,

THE ATLANTA JOURNAL

Lawden Kay
Radio Program Director.
