

Homewood AL

WEZB

For easy listening

February 15, 1955

A Thousand
Watts

Dear Kermit,

Thank you very much for your report of reception of WEZB. I am very sorry that you had to wait so long to get a reply. What with all the rush of putting the station on the air is the only excuse I can give for the first couple of months that you had to wait. After that, there is no reason whatsoever why you had to wait for this letter. The only reason that you're getting it now, is that I have been made "DX Coordinator" and it's about time that this report went out. Please except my apologies on the matter. OK?

A Million
Friends

Your report corresponds with our log exactly. Please except this letter as a VERIFICATION of you having heard WEZB from 1:10 am to 2:00am CST on September 1, 1953.

Retail Sales in E Z
Land \$719,733,000

WEZB uses a Seeburg 200 Selectomatic for all its records. The transmitter is a Raytheon and the tower is 210 feet high, located in the bottom of a canyon!!!!??!! Whay it was put there, I'll never know. Oh, well, we do seem to get out pretty well.

Thanks again for your report and here's wishing you continued success in your hobby of DX.

73s

Population of E Z
Land 1,206,300

Yours DXingly,

Peter B. [Signature]
DX Coordinator
National Radio Club

P.S. I hope you could read this report, what with the bad way I "Where Entertainment" and all. hi/By the way, WEZB will be on the air for a special Rates High" DX during the latter part of March. See "DX News" for details.
