Mr. Kermit Geary  
Walnutport, Pennsylvania

Dear Mr. Geary:

Thank you very much for your report of reception.

This is to verify your reception of our station on the morning of June 4, 1946 from 3:25 to 3:35 AM CST.

We were very happy to receive your report and regret the delay in answering. This was due to the extremely busy time we had during our initial period on the air and to the very large number of reports we received.

At present we maintain a regular operating schedule of 19 hours a day, going on the air at 5:00 AM CST and signing off at 12 midnight. Our frequency test period at present is every Monday morning from 2:20 to 2:30 AM CST.

Once again let me express my appreciation for your report and hope that you will be able to receive us many more times in the future.

Very truly yours,

M. E. McKinney  
Chief Engineer
