This is to verify your reception of our radio station on Sept 4, 1935 at 2:50 AM CST. We were putting on our regular frequency test program. We are always glad to receive reports on our test programs. Your letter checks 100% with the station log. We are glad to get such a complete report. Please let us hear from you again soon as we have just put up our verticle radiator and would like to receive reports on it.
Sincerely,

Harold L. Kimsey, Opr.
