Dear Mr. Geary:

In checking through a group of old reception reports, we find that we may not have answered your letter of July 16, 1948. Your report checks with our log and we are happy to send this confirmation.

You may be interested to know that our regular monthly frequency check broadcasts are aired on the first day of each month between 1:10 and 1:25 A.M., C.S.T., with tone modulation.

Best wishes for continued good DXing in the future.

Sincerely,

William S. Miller
Chief Engineer
