

KZON Radio - 1190 on your dial

GLENDALE BROADCASTING COMPANY

E. O. SMITH, PRESIDENT

POST OFFICE BOX 926 • PHOENIX, ARIZONA • YELLOWSTONE 9-6202

February 16, 1961

Mr. Kermit Geary
R.D. 2, Box 298
Walnutport, Pennsylvania

Dear Mr. Geary,

Thank you very much for your letter reporting reception of our signal.

Thanks also for your kind comments regarding the quality of our transmitted signal, we appreciate them very much. Your report corresponds exactly to our logs for the night of Sunday, 2-12, so you heard us, for sure!

The KZON transmitter is a Collins 300J-2 100-250 watt rig. KZON operates 19 hours a day, and runs 250 w., directional with a northeast and southwest pattern. We have a two tower array.

The announcer on duty during the time you heard us was "Candy" Salinas, and I am sure he'll be as pleased as I am to know of your report, when he comes in this week.

We also hope you may again sometime hear KZON. For now, thank you again for your letter, we sincerely appreciate your writing us. Until then, we remain,

Sincerely yours,

KZON Radio
