Dear Kermit,

Thank you for your very nice letter reporting reception of our Freq check run at 1145AM Oct-14th.

We must have been reaching out very well in your direction as I had a letter from Corning, NY also.

This 250 watts does quite well I think to reach out like it does since there are over 160 stations on 1400 kc and more being added all the time. Our regular check time is the 2nd Thursday of each month at the time you heard us.

Cordially yours,

Harold G. Austin
