

KLZ BROADCASTING COMPANY

MAIN 4271

"THE PIONEER STATION OF THE WEST"

DENVER, COLORADO

Jan. 28, 1944.

Mr. Kermit Geary
R.F.D. # 2.
Walnutport
Pennsylvania

Dear Mr. Geary:

It is seldom that we are fortunate enough to receive a reception report as complete and fine as the one you recently sent us. I am including a "Verification Card" to confirm your reception report with our Program Log.

May I offer my congratulations to you in your efficient manner of reporting, and receiver operation.

Your report on reception of KLZ is unusual in that we operate with a directional antenna array, protecting stations to our east. Your reception of course was from a "skywave" signal.

Thanks again for your very fine report, I remain.

Yours truly,

KLZ Broadcasting Company

Harvey E. Wehrman
