Walnutport, Pennsylvania

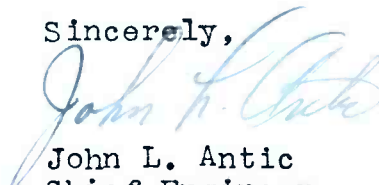

Dear Kermit:

This is to verify your report of our broadcast of April 17, 1948, 1:30AM ~~N~~ S T. to 1:45 A M M. S. T. This was our regular quarterly frequency check. Our next check will be on July 17, 1948 1:30 AM to 1:45 AM MST.

K R L N has been on the air since August 15, 1947 with a composite transmitter and console, using two 810's as modulators and another pair of 810's as finals. We are also using a Gates Crystal Control unit. Our antenna is a wincharger 155 feet high.

Thanks for your report.

Sincerely,

John L. Antic
Chief Engineer
